We love Princess! We're super excited that she's here tonight. She's talented, chic, and has great hair. We listen to her cassettes until the tapes snap. Her voice is priceless! Once at a concert, during Princess' song *Purple Drizzle*, one of us had a heart attack because her song was so rad. It was legit mental.

June Fondue is totally glam too, and this release party for her new workout video "We Can Work It Out" is the primo event of the season. Princess and the singer Giovanna sang the opening theme song "Don't Stop Pushing Up" for the video. Giovanna's for sure talented, but no one comes close to Princess' genius.

We know everything there is to know about Princess. Most people don't realize that she's Buster's daughter, because she's the artist formerly known as Prudence Buster. She's so mysterious!
