

Him: Her. Her. Her!

Her: What?

Him: Did you hear The news?

Her: Sandra is building an aquarium?

Him: No, we already knew that.

Her: We're going swimming with the dolphins?

Him: Well, hopefully, but no. The news about Butterball.

Her: Butterball is gone?

Him: Right. Butterball is gone. Completely missing. Someone took him.

Her: Like Earl said in the meeting. Steal the animals!

Him: Exactly. Did you think someone was going to take Butterball? I thought it was all talk. I didn't think when Sandy asked us to help, there would be real stealing.

Her: Absolutely. Now it's turned into a real caper.

Him: Level with me. Was it you?

Her: Me? I don't know from nothing. How would I move a manatee? They're kinda heavy. Was it you? I know you've been reading that book about swimming with sea creatures.

Him: To pass the tests and get to swim with the dolphins. Clean their take. You know, like we dreamed of.

Her: Says you.

Him: I tell you, you're not some dumb Dora. You wouldn't snitch on me, and I wouldn't snitch on you.

Her: All right, All right. It wasn't us, but it had to be one of them. We better stay away from them. Wouldn't want to be taken for a ride. End up as the fall guy.

Him: Good point. Say nothing to no one.

Her: And lend me that book. I want to get in the dolphin tank to.
